(Click the pencil)

Must Complete

The screenshot displays a medical software interface with two overlapping windows. The background window, titled "Depart Process", shows patient information for "Test, JonSnow" (MRN:5316603), including age (33 years), DOB (5/15/1984), sex (Male), and various medical history details. The foreground window, titled "Patient Education", is open to the "Follow Up" tab. It features a search bar with "Discharge OB" and a dropdown menu set to "contains". Below the search bar is a tree view of medical categories, with "Discharge OB General (Custom)" selected. The main content area displays the selected instruction: "CONTACT INFORMATION: My Hospital (Attending) Doctor was: | My Medical Service was Nursing Unit I was discharged from MY HOME INSTRUCTIONS: Follow Discharge Instruction Handouts Additional discharge information: \_\_\_\_\_". At the bottom, there are checkboxes for symptoms to watch for, such as "Excessive pain", "Fever/Chills", "Increased bleeding", "Shortness of breath", "Persistent cough", "Fainting", "Unrelieved nausea or vomiting", and "Wound is red, swollen, or drainage present". Buttons for "Sign", "OK", "Print", and "Cancel" are visible at the bottom right.
